To whom it may concern

EDUWEALTH PTE LTD

We shortlisted two groups of vendors to run the Financial Awareness / Planning / Management programmes for our Secondary Three pupils in 2003. Eduwealth Pte Ltd was one of the groups that caught our attention because they have very unique and yet interesting ways of presenting topics which are not easy to comprehend.

They conducted the Praxis Life@Play workshop from 20-22 October for 43 students. We were indeed very happy with their performance because all participants were in the opinion that the instructors were very professional and they had learnt a lot from them throughout the 3-day course.

They were able to capture the attention of the students through their games / lecture / coaching approach. My students were able to understand the concepts that were introduced and gained valuable insights of the financial world.

We engaged them again from 25-27 May 2004 for three of our Sec 3 classes because we were very comfortable with the manner in which they conduct the course and we were very confident that they would deliver the goods. Once again, they did a wonderful job with our students.

We are currently looking into making Praxis Life@Play one of our Foundation Development Programmes (compulsory programmes that students have to participate in)

Finally, this is DEFINITELY a very good programme and it should be promoted to all schools.
